

Reduced outbound call charges

Fully-managed, least-cost routing via GSM SIM termination - for cellular, local and national calls

Voice Supreme

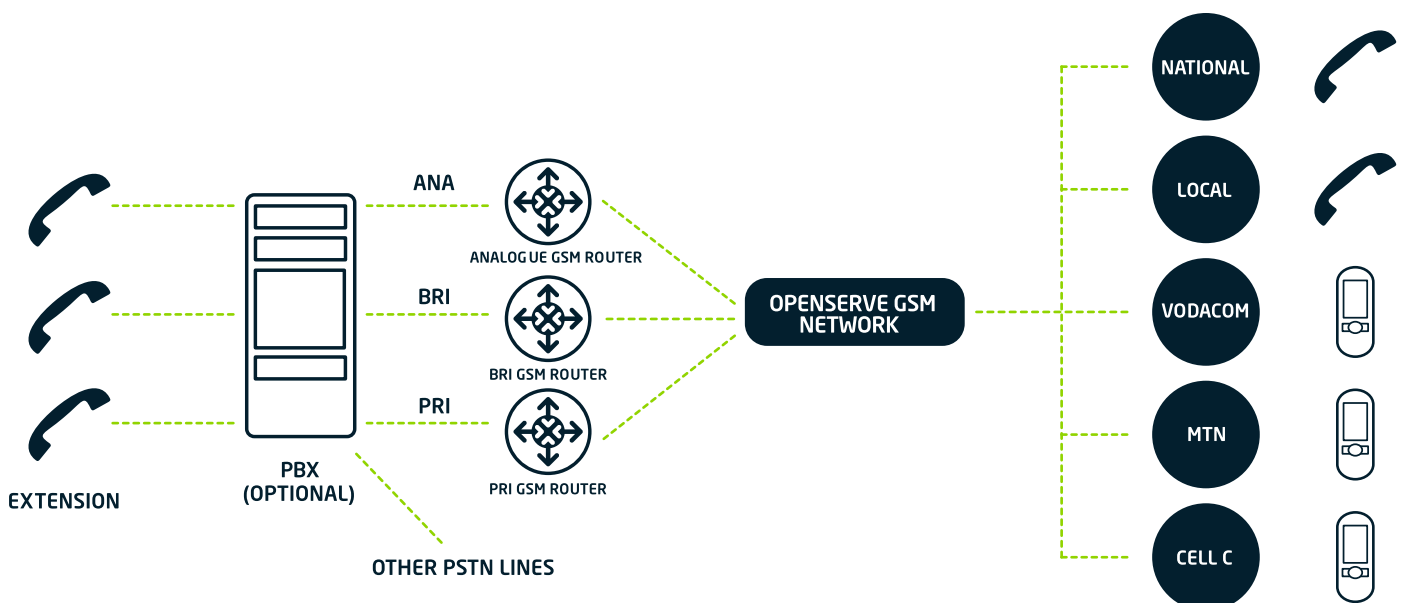

- Advanced least-cost routing technology using GSM SIM termination
- Perfect for SMEs or SOHOs
- Fully managed service that drastically reduces your telephony bill
- Reduced rates on cellular, local, and national calls
- No SIM-related subscription charges or "bundled minutes" requiring utilisation management
- No minimum billing applied
- Industry-leading service level agreement (SLA)

Product overview

Voice Supreme, from Vox, is a product that offers your business an extremely cost-effective alternative to VoIP interconnect least cost routing, where you may have previously not been able

to benefit from the ICASA-regulated interconnect reductions. With reduced cellular, local and national rates, Voice Supreme offers you the ability to reduce your current telephony expenditure.

How it works

Features and benefits

- Reduced call rates for cellular, local and national traffic
