

Affordable, superior quality voice

A sophisticated IP voice service that delivers high quality voice and saves you money

Chrome Air

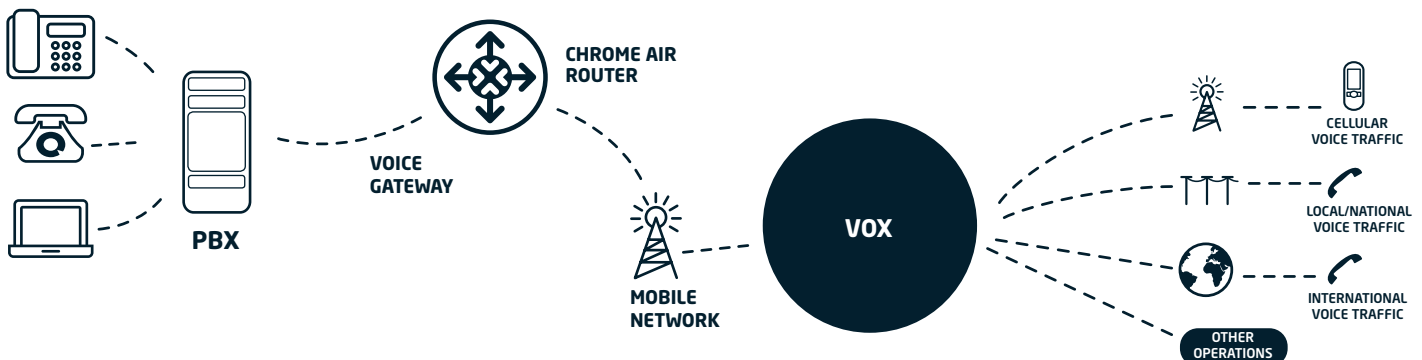

- Affordable, superior quality wireless voice solution
- Ideal for small to medium size businesses
- Caller Line Identity (in and outbound)
- Up to 6 concurrent calls
- Revenue share on inbound calls
- Fully managed service

Product overview

Chrome Air, from Vox, is a sophisticated wireless access voice-only solution that eliminates the need for costly telecommunications infrastructure by making calls over

the existing LTE network. This allows for rapid and cost effective deployment of Vox voice services, making Chrome Air ideal for the consumer and SOHO markets.

How it works

Features and benefits

- Significantly better priced than Telkom (save up to 50%)
- Reduced call rates
- Low fixed monthly fees
- Quick installation timeframes
- Direct SIP connectivity (PBX dependant)
- Porting of existing numbers or Vox geographic/non-geographic number allocation
- Add on voice gateways for interoperability with all PBX brands

About Vox

Innovation and insight combine in Vox, a market leading end-to-end integrated ICT and infrastructure provider and telecommunications company. From data to voice, as well as cloud, business collaboration and conferencing tools, Vox offers

intelligent solutions that connect South Africans to the world, supporting entrepreneurs, customers and commerce, whilst practicing values of integrity, choice and service excellence in all of its dealings. For more information [click here](#).
