Product overview

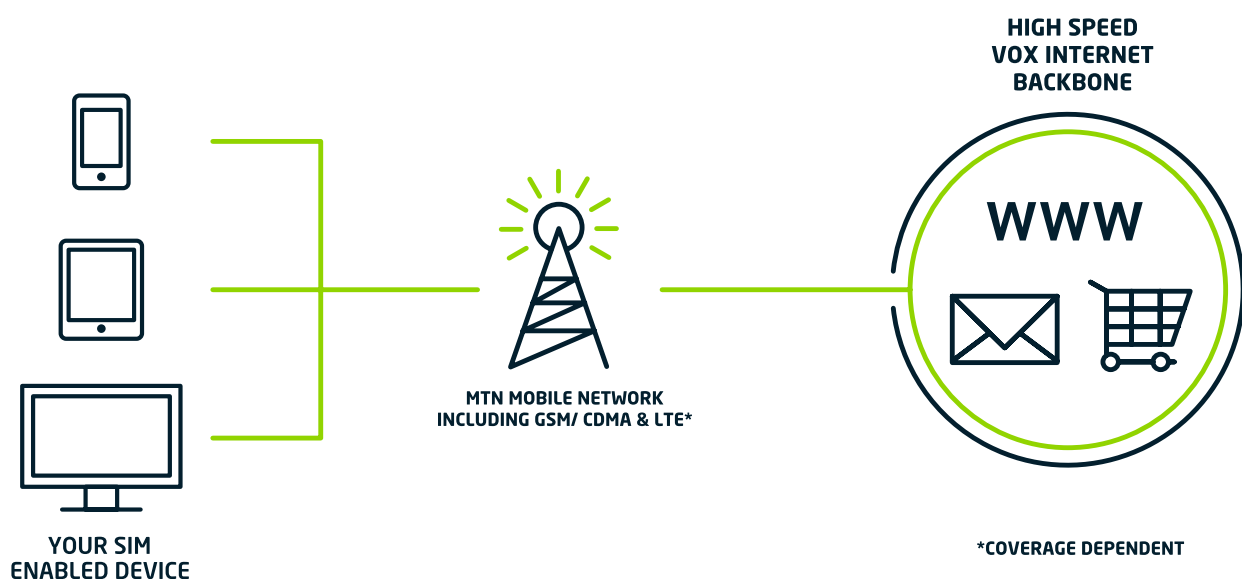

As a business owner or a private individual, you need to be able to access the internet wherever you are, whenever you want. Vox's Mobile Data solution gives you the freedom to connect anywhere in South Africa. Use Vox Mobile Data to connect your laptop, smartphone, tablet, dongle and security systems.

Choose between contract or month-to-month options; link up to 10 SIM cards to one account (depending on the product),

and always manage your usage and billing from the user-friendly online Customer Zone.

Vox Mobile Data encourages communication between your business and team members - where distance no longer becomes a factor - in turn, increasing productivity and lowering costs. Choose between month-to-month or contract, single SIM and multiple SIM packages, depending on your requirements.

How it works

How it works

Single SIM Month-to-Month Plan

- No termed contract (month-to-month plan)
- Perfect should you only need a single SIM card
- Online data monitoring with SMS/ email notifications
- Purchase top-ups via the Customer Zone, which will expire at the end of the next month
- Itemised billing reports online to track per-SIM data usage

Shared Account with multiple SIMs

- No termed contract (month-to-month plan)
- Add multiple MTN SIM cards to your account and share your data by setting a data cap for each SIM card!
- Online data monitoring with SMS/ email notifications
- Create a unique username and password for data security
- You don't want our MTN SIM? No Problem! Add your own MTN number** and share your data.

Multi-SIM Pay for the data you use

- Only pay for the data you use and link up to 10 SIM cards to a single account
- Plan includes the first 200MB of data free of charge
- Manage data online; set a data limit (cap) for each SIM
- Online data monitoring with SMS/ email notifications
- You don't want our MTN SIM? No Problem! Add your own MTN number** and share your data.
- Contracts available over 12 months or 24 months

** Only MTN Contract and Top-UP SIM cards allowed. No Prepaid SIMs
