

# Email Archiving

## Vox Email Archiving

Never lose another mail again

- 10-year unlimited email storage archive
- Supports most modern email platforms and multiple file extensions
- Compliancy with latest email communication legislation (ECT Act, King III, SOX)
- Information encrypted in a triple-DES secure environment
- Sub-second search and retrieval for all your archived emails

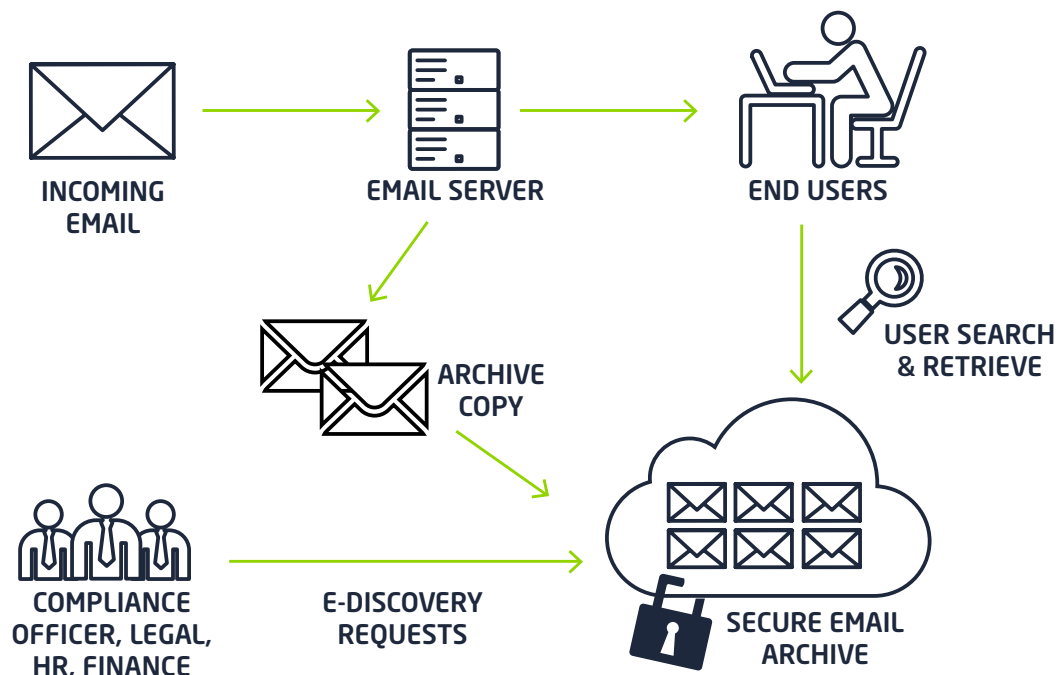

### Product overview

Vox Email Archive is the most comprehensive and hassle-free email archive and compliancy cloud solution on the market.

This is a robust cloud service that effortlessly integrates across all major email server platforms (including Exchange)

with an exceptionally fast search and retrieve functionality to conveniently access several years' worth of email communication.

### How it works

## Features and benefits

- **Unlimited email archive storage**  
Businesses of various sizes can rely on Vox Archive to securely and seamlessly archive millions of emails for 10 years.
- **Fully compliant**  
As South African regulation governing digital communication continues to evolve, Vox Archive gives businesses, bound by legislation and compliance requirements, the peace of mind that their email data integrity is guaranteed for accountability, auditing, and discovery purposes.
- **Fast search and retrieval**  
Highly scalable search technology is available via a simple to use web interface that allows auditors and employees to search and retrieve their archived emails in seconds.
- **Data ingestion**  
Painless data ingestion from existing email servers such as Exchange and desktop clients (including Outlook).
- **Encrypted**  
Secure email functionality as archived emails are encrypted using triple DES encryption and stored in their own isolated application instance.
- **Supports multiple email platforms**  
Multiple email system support including Microsoft Exchange 2003-2013, Exchange Online, O365, Lotus Notes, Zimbra, iMail and many more.
- **Message stubbing**  
Reduced storage needs achieved by supporting Microsoft Exchange message stubbing to dramatically reduce your email storage needs.

Keep your  
emails safe  
and secure
