1. PREFACE

This guide only provides basic advice to get you up and running as quickly as possible. A detailed operation guide is available on our website.

For your convenience, Vox offers a remote or onsite installation option, should you need further assistance with the setup of your printer. A Vox engineer will either assist you remotely or at your premises, depending on the option you select.

Please email printsupport@voxtelecom.co.za should you be interested in remote or onsite support. Please note this is a billable engagement.

2. UNBOXING YOUR PRINTER

Please make sure that all the orange strips are removed from the printer in order to ensure proper operation

3. SETTING UP THE TONER

Please make sure that all the orange strips are removed from the printer in order to ensure proper operation

1. Download the printer drivers from Kyocera's website.

- URL: https://www.kyoceradocumentsolutions.co.za/en/support/downloads.html
- 2. Select your model

- 3. Select the relevant driver based on the client's operating system and click on download, use the KX driver where possible.
- 4. Find the ZIP file in your downloads folder, right click and select Extract all
