YahClick Go

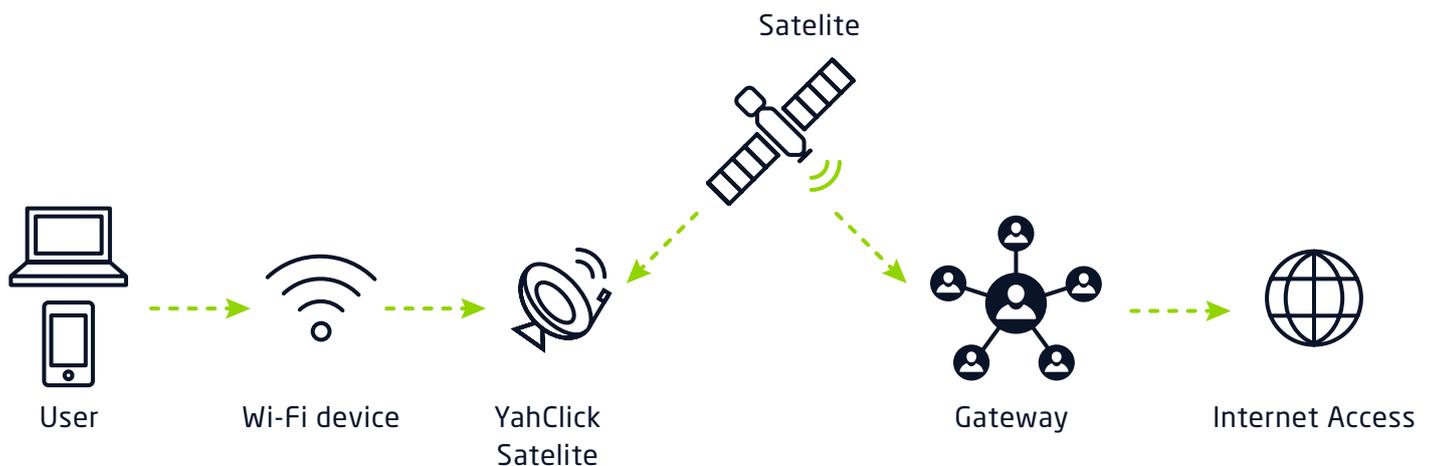

- Instant deployment by means of Drive-away or Fly-away units
- Rent or own option available on short or long term
- Self-Searching functionality in less than 5 minutes
- Make use of Ka-band or Ku-Band satellite services plans
- Ideal for Disaster recovery or Corporate events
- Voice over Yahclick and Wi-fi ready

Product Overview

YahClick Go is a self-searching satellite solution available in Road or Air transportable models for instant internet connectivity and voice services in minutes. YahClick Go, which is easily mountable on a vehicle, trailer or even in a suitcase, offers access via an auto-pointing antenna in minutes and can be operated by a single person. YahClick Go is ideal for:

- Media Broadcasting
- Military deployments
- Emergency and disaster management units
- Government departments to deliver services in rural areas
- Event companies and mobile marketing
- Financial institutions and ATM's
- Mobile education

How it Works
