Wi-Fi for the home

Cost-effective yet powerful Wi-Fi for your home.

- ⟩ High-speed, dual-band wireless 802.11a/n/ac router

- ⟩ Features five 10/100/1000 Ethernet ports for your wired devices

- ⟩ Perfect for basic requirements needing less than 150m² of Wi-Fi coverage

- ⟩ Expand your coverage with additional units

Product Overview

The Vox Wi-Fi Home Standard offering provides ultra-reliable, predictable bandwidth and unprecedented high-speed performance for real-time video distribution and data transmission in the home. Our Standard offering is based on an entry-level Wi-Fi enabled router. This unit offers additional network ports to connect wired devices. You can expand the coverage by installing additional devices in other parts of your home via network cable.

How It Works

Internet Service — Fibre Cable — ONT — Ethernet Cords — Router

2.4 GHz / 5 GHz — Wireless Devices

Ethernet Cords — Wired Device

Features and Benefits

Features	Benefits
Dual chain wireless (2.4GHz/5GHz) 802.11ac	With dual chain wireless (2x2) or MIMO you can connect more devices via Wi-Fi and still enjoy fast Wi-Fi speeds.
Five 10/100/1000 Ethernet ports	With five high-speed network ports available, you can connect non Wi-Fi devices easily or even add extra Wi-Fi access points to increase coverage in your home.
Powerful Wi-Fi radios	We estimate a coverage area of 150 square metres per device, but this could be more or less depending on the environment you place it in.

Additional Information

*Actual wireless data throughput, wireless coverage, and number of connected devices are not guaranteed and will vary as a result of:
1) Environmental factors, including building materials, physical objects, and obstacles
2) Network conditions, including local interference, volume and density of traffic, product location, network complexity, and network overhead
3) Client limitations, including rated performance, location, connection quality, and client condition.

**Range, coverage, and the maximum number of connected devices are based on test results under normal usage conditions.

Home Wi-Fi to suit your budget

About Vox

Innovation and insight combine in Vox, a market leading end-to-end integrated ICT and infrastructure provider and telecommunications company. From data to voice, as well as cloud, business collaboration and conferencing tools, Vox offers intelligent solutions that connect South Africans to the world, supporting entrepreneurs, customers and commerce, whilst practicing values of integrity, choice and service excellence in all of its dealings.
