

CRM24 is your pre-configured, startup solution.

CRM24

Rooted in innovation, this customer relationship tool stands up as a minimal, viable solution.

- Rapid Deployment
- Removing Overheads and Startup Time
- Packed to the brim with out-the-box features for generic applicability
- Operational within 24 Business Hours
- Get a 360 degree view of your customers
- Scalable and Designed to Grow with your Business

Product overview

CRM24 is a pre-configured startup sales and customer service management system. Designed to enhance your workflow, streamline your business processes and accelerate brand development, this solution is your gateway to maximum efficiency. While the possibilities are endless, the benefits include:

- Quick startup and easy deployment.
- Affordability and reduced operational costs.
- Configured and ready to go within 3 business days.
- Bursting with innovation for optimised applicability.
- Collateral Training videos, Import Templates, Packaged Solutions and more.

Manage both internal and external communications, scale as required and give your overall customer experience a head start - CRM24 is your platform for running your business like a pro.

How it works

Features & Benefits

- **Rapid Deployment.**

Installed, configured and ready for use within 24 business hours.

- **SharePoint Document integration.**

Store all your critical business documents in Sharepoint and have the ability to access these directly through CRM.

- **Integration with Outlook.**

Work from a single screen and access CRM directly through Outlook.

- **Pre-Configured and Templated Rollout.**

Pre-configured, ready to install solution with value added collateral

- **Support Incidents.**

Between 12 to 18 support incidents are included, with option to top up should these run out.

- **Post Implementation Business Process Optimisation.**

Review your business processes and assess whether you're maximising your ROI.

Additional Information

CRM24 is built within the Microsoft Dynamics 365 Customer Engagement Platform. With this comes scalability and capacity to grow with your business needs.
