

Light up the dark side

Is your Internet upgrade making no difference to your Wi-Fi network speed?

Are you suffering from poor Wi-Fi connectivity or dead zones in certain parts of your home?

Have you been trying to connect more devices to your Wi-Fi network with no success?

Enjoy high-speed Wi-Fi in every corner of your home with a Vox Wi-Fi Home solution.

VOX® Wi-Fi

6 Reasons to choose a Vox Wi-Fi Home solution

- 1 More choice**
We offer a home Wi-Fi solution to suit every need and budget.
- 2 Once-off or rental options available**
You choose how you want to pay for your Vox Wi-Fi Home equipment.
- 3 24/7 technical support**
Our friendly support team is only a phone call or an email away.
- 4 RF planning**
For more complex homes, we offer a Wi-Fi radio frequency (RF) planning service to provide the best solution for your requirements.
- 5 Peace of mind**
Our top-tier option includes a managed service to allow you to focus on work and family while we take care of your Wi-Fi network.
- 6 Reliable hardware**
Your choice of hardware will be determined by your Wi-Fi requirements and to minimise dead zones within your home.

	Wi-Fi Home Standard	Wi-Fi Home Mesh	Wi-Fi Home Executive
Home size	Up to 150m ² - single storey	Up to 260m ² - double storey	Above average sized homes
Devices	Wi-Fi enabled router	Two-pack mesh devices	Access points and switch
Number of connected devices	1 - 15 devices	Up to 100 devices	100 or more devices
Mode of installation	Self-install	Self-install	Vox installation
Managed Service option	No	No	Yes
Hardware rental option	Yes	Yes	Yes

- Wi-Fi range is estimated and dependent on overcoming obstacles like building layout and construction materials as well as RF spectrum noise levels.
- Monthly rental options exclude setup and installation. Monthly rentals are for 24 months. Equipment remains the property of Vox. Terms and Conditions apply.
