

# Guardian Eye Indoor PT Nanny Cam

Easy to install, High Definition Indoor "Nanny Camera"

## Guardian Eye Nanny Cam

- Full HD (1080p) WiFi Pan-Tilt Camera
- Privacy Shutter
- Smart Tracking
- Two-Way Talk
- Supports MicroSD Card Up to 256 GB

### Product Overview

Want to keep a close eye on your valuables and loved ones from afar? Let the Vox Indoor PT(Pan and Tilt), WiFi Camera, be your guardian eye.

#### Zero Blind Spots

Keep tabs on every corner of a room with just one Nanny Cam. Its expansive 360-degree field-of-view ensures full coverage of any room.

#### Never Miss a Thing

When the Nanny Cam detects a moving object, it is smart enough to automatically track its motion while alerting you with an image in real-time.

#### Protect Your Privacy

Want a bit more privacy? With one tap of the EZVIZ App on your mobile device, the thoughtfully-designed privacy shutter allows you to turn the lens off – whenever, wherever.

With multiple storage options, you can choose where to save your recordings. The camera can save to three locations at the same time for added backup in case the camera is damaged or your network crashes.

- MicroSD Card
- Encrypted Cloud Storage
- Network Video Recorder (NVR)

With nifty features, the mobile app (EZVIZ), can protect, capture, save and share what's valuable to you.

- Live View
- Real-Time Talk
- Instant Alerts
- Video History
- Up to 8x Zoom
- Smart Home Enabled

#### Simple and Flexible Installation

Install the Nanny Cam that suits your home best. Use the image flipping feature, and feel free to place it on a shelf or fix it to a wall or ceiling. Use the included screw-in mounting with the camera for maximum adaptability. Alternatively, you can speak to one of our friendly field engineers to quote on a more complex installation.

The camera automatically tracks motion while alerting you with an image in real-time

## Main Features and Benefits

- **View Anywhere**

Easy access to live or recorded video through the mobile app, no matter where you are

- **Superior Image Quality**

1080p Full HD image with integrated IR-cut filter with auto switch.

- **Record Anywhere**

Record locally on a MicroSD card on the camera, to a wireless Network Video Recorder (NVR) on your network, or in the cloud on a pay-per-use basis.

- **Smart Alerts**

Receive instant notifications on all your devices of movements in the camera field of view, or set up your own work-flows with IFTTT (If This Then That) capability.

- **Install with Ease**

Camera is durable yet lightweight and can easily be self-installed. Having built in WiFi means no physical network cabling is required, only power to the camera.

- **Manage with Ease**

Make changes from any device that has the mobile app installed, through a web browser, or even your smart home hub.

**Access the live  
camera through  
the mobile app, any  
time, anywhere.**
