3. Service Definitions

3.1 LTE-A Service:

- 3.1.1 is a Best Effort Fixed LTE advanced service that provides the Customer with:
 - a) Capped Any-Time Data and Night Surfer packages; or
 - b) Uncapped data 24 hours per day, subject to the Fair Usage Policy;
- 3.1.2 provides Internet access by transmitting and delivering IP packets between the Equipment at the Customer’s premises connected on the Vox Network through the MNO LTE-A network and other networks, following Vox’s standard business arrangements with providers of such other networks;
- 3.1.3 is a data-only service;
- 3.1.4 is not a mobile service;
- 3.1.5 is a wireless service and, as such, is a Best Effort service with no guarantees on throughput;
- 3.1.6 may be impacted by certain factors which might affect the speed of the LTE-A service, including but not limited to signal strength/distance to the tower, the number of users on the tower, type of service being accessed on the internet and local PC environment; and
- 3.1.7 can only be supplied should the Customer’s address be In Coverage.

3.2 The Failover Service:

- 3.2.1 is a Best Effort fixed LTE advanced service that provides automatic access to the Internet when the Customer’s primary link is temporarily down;
- 3.2.2 is available as a Capped monthly subscription;
- 3.2.3 provides Internet access by transmitting and delivering IP packets between the Customer Equipment connected on the Vox Network through the MNO’s LTE-A network and other networks following its standard business arrangements with providers of such other networks;
- 3.2.4 is a data-only service;
- 3.2.5 is not a mobile service;
- 3.2.6 is a wireless service and, as such, is a Best Effort service with no guarantees on throughput;
- 3.2.7 may be impacted by certain factors which might affect the speed of the Failover Service, including but not limited to, signal strength/distance to the tower, the number of users on the tower, type of service being accessed on the internet and local PC environment;
- 3.2.8 can only be supplied should the Customer’s address be In Coverage;
- 3.2.9 may be added to the following Services, to provide automatic access when the primary link, with LTE-A, fibre or wireless is temporarily down:
 - a) Fibre to the Home (FTTH);
 - b) Vox Fibre to the Business (FTTB); and
 - c) Vox Wireless to the Business (WTTB)

3.3 Other Services

- 3.3.1 FTTH, FTTB and WTTB Services:
 - a) must be subscribed for separately under the relevant product specific terms; and
 - b) will continue to operate on a best effort basis whilst operating over the redundant Fixed LTE-A network.
- 3.3.2 In respect of FTTB and WTTB, QOS will NOT be supported over VOIP/PBX Services, whilst operating over the redundant Fixed LTE-A network.

4. Equipment

Delivery and Installation

- 4.1 During the order process, the Customer must specify a delivery address for delivery of the Equipment by Vox's nominated courier.
- 4.2 Should the first delivery attempt fail due to the absence or negligence of the Customer, the courier will reattempt the delivery, and the Customer account will be billed the additional delivery fee.
- 4.3 Should any charges be incurred to install outdoor Equipment, these charges will be communicated to the Customer and billed to the Customer account.

Rental Equipment

- 4.4 All Equipment which is rented from Vox and not purchased outright by the Customer shall:
 - 4.4.1 remain the property of Vox; and
 - 4.4.2 be collected within thirty (30) days of the last day of active Service, after termination of the Failover Service for any reason.

Outright Purchase of Equipment

- 4.5 If a Customer chooses to purchase Router Equipment outright, the Router becomes the Customer's property and cannot be returned to Vox unless deemed to be an OBF (Out of Box Failure).
- 4.6 SIM Card + Router Promotion
 - 4.6.1 From time-to-time, and subject to the conditions stipulated in clause 4.6.2, Vox may subsidise the purchase price of the Router by an amount ("**Subsidy**") that will be specified in the Subscriber Agreement. For the avoidance of doubt, the purchase price of the Router recorded in the Subscriber Agreement already reflects the deduction of the Subsidy.
 - 4.6.2 In order to qualify for the Subsidy, the Customer must meet the conditions set out below, failing which the Customer will forfeit the Subsidy and Vox will invoice the Customer for the full purchase price of the Router, which shall be payable on demand. The Customer must:
 - a) activate the Service by inserting the SIM Card into the Router within 90 (ninety) days after the delivery of the Router; and
 - b) procure the LTE-A Service for a period of not less than 6 (six) consecutive months, commencing on the first day of the first month following the month in which the Service was activated.

Equipment Warranty

- 4.7 All Equipment includes a 12-month manufacturer's warranty.

5. Service Terms

In respect of both the LTE-A Service and the Failover Service:

- 5.1 Both the LTE-A Service and Failover Services are available as month-to-month subscriptions.
- 5.2 Subscriptions are pro-rated, meaning the In Bundle Data and the first month's billing are pro-rated based on the date of activation of the Service.
- 5.3 Top Up Data bundles may be purchased via the Vox Portal and will be valid until the end of the month following the month in which such bundles were purchased.
- 5.4 If the account billing method is:
 - 5.4.1 debit order: Top Up Data can be purchased twice on the account and after that via credit card;
 - 5.4.2 cash or direct deposit: Top Up Data can be purchased via credit card only.
- 5.5 All services other than data (GSM Voice, SMS, USSD, WASP, Roaming) are strictly prohibited.
- 5.6 Identity verification, as required by RICA, is compulsory. This will require the Customer to supply:
 - 5.6.1 proof of current address (not older than three (3) months); and
 - 5.6.2 a certified copy of any of the Customer's (i) South African identity document or temporary identity document; (ii) South Africa passport or (iii) foreign passport. Please note that a driver's license will not be accepted for RICA purposes.
- 5.7 Should a Customer decide to cancel their Subscription, the monthly In Bundle Data, Roll Over Data and their Top Up Data bundle(s), if applicable, will terminate when the Subscription terminates, as stipulated in clause 9.
- 5.8 The data allocation subscribed for at the beginning of the final month of Service will be available until 23:59 on the last day of that month.

- 5.9 Upgrades and downgrades of subscription packages will be activated on the first day of the month following the month in which the Upgrade/Downgrade request was made.
- 5.10 Fixed LTE-A SIM Cards provided by Vox will not roam onto any roaming partner network.
- 5.11 The Service will only function when the SIM Card is used in an MTN-approved category 6 (Cat 6) Router.
- 5.12 Should the SIM Card be inserted into any device or Router that is not approved, the SIM Card will be soft-locked and disconnected from the MTN network.
- 5.13 The Fixed LTE-A SIM Card will be locked to the cellular towers surrounding the location used when subscribing for the Service.
- 5.14 Should a Customer move the SIM Card to a different geographic location, the SIM Card will be soft-locked and disconnected from the MTN network. In such event, the Customer will need to contact the Vox Technical Service Centre to request that the SIM Card be unlocked.
- 5.15 Should an instruction be sent to MTN to unlock the SIM Card, connectivity will be enabled to the MTN LTE-A network within 24 (twenty-four) hours and the Router will need to be restarted.
- 5.16 Each MNO may, at its discretion, implement traffic management rules which prioritise real-time traffic, such as, for example, video streaming or browsing, over non-real-time traffic like torrents or large file downloads, during busy periods.

In respect of the Failover Service Terms Only:

- 5.17 the Customer shall receive the monthly Inclusive Data specified in the Subscriber Agreement;
- 5.18 unused monthly Inclusive Data shall roll over until the end of the following month ("**Roll Over Data**") and, if not used for the Failover Service, expire;
- 5.19 to monitor the status of the primary link, the Customer acknowledges that data from the primary link and Fixed LTE-A SIM Card is required, which shall be deducted from, where applicable:
 - 5.19.1 the Inclusive Data allocation if available; or
 - 5.19.2 from the data Capped product; or
 - 5.19.3 Roll-Over Data; or
 - 5.19.4 Top-Up Data.

6. Data Validity Rules

- 6.1 Any-Time Data allocation can be used at any time of any day.
- 6.2 Unused Any-Time Data from one month is rolled over until the end of the following month.
- 6.3 Night Surfer data allocation can be used between midnight and six a.m. every day.
- 6.4 Unused Night Surfer data from one month is rolled over until the end of the following month.
- 6.5 If the package subscribed for:
 - 6.5.1 has only an active Any-Time Data bundle, the data will be available any time of the day;
 - 6.5.2 has an active Any-Time and a Night Surfer data bundle, data used between midnight and six a.m. will be consumed from the Night Surfer bundle;
 - 6.5.3 does not have any remaining Night Surfer data, the Any-Time Data allocation will be used between midnight and six a.m.;
 - 6.5.4 only has Night Surfer data available, but no available Any-Time Data, the Service will not be available between six a.m. and midnight.
- 6.6 Data speeds may be reduced during busy or peak network times.
- 6.7 In respect of the Failover Service: Inclusive Data, Capped Data, Roll Over Data and Top-Up Data purchased for the Failover Service may only be used when the primary link is down or otherwise unavailable for use. Such data may not be used for any other Vox Service.

7. Fair Usage Policy: LTE-A Service (Uncapped)

- 7.1 The Fair Usage Policy applies on the Uncapped LTE-A Service, whereby on the first day of each calendar month, 1000GB of data will be made available to the Customer in respect of their Uncapped Subscription.
- 7.2 Once the 1000GB bundle for a particular month has been depleted, Vox shall be entitled to, without notice to the Customer:
 - 7.2.1 reduce the line speed to a maximum 1Mbps for the remainder of that month; and
 - 7.2.2 reduce Peer to Peer and NNTP protocols to a maximum line speed of 128Kbps.

Product Specific Terms and Conditions

8. Notifications

- 8.1 Notifications shall be sent:
- 8.1.1 in the event of the primary link going down, informing the Customer of usage-based billing on the Failover Service; and
 - 8.1.2 once the primary link has been restored and is operational.
- 8.2 No Notification will be sent if both the primary link and Failover Service link are down.

9. Cancellation Terms

- 9.1 Customer must give 1 (one) clear calendar month notice of their intention to cancel the Service, where 1 (one) clear calendar month means that:
- 9.1.1 any cancellation notice received before the first day of a month will take effect on the last day of that month.
 - 9.1.2 If a cancellation is received on the first day of a month, the cancellation will only be effective on the last day of the following month.
- 9.2 Cancellations must be processed via the Vox Portal or sent to Vox in writing to cancellations@voxtelecom.co.za.
- 9.3 If notice of cancellation is given in terms of clause 9.1 which will terminate the Service prior to the expiry of a fixed term agreement, then Vox shall be entitled to levy a reasonable termination fee, which shall include any penalty fees which the Upstream Service Provider may levy to Vox. The provisions set out in the General Terms relating to the termination of a fixed term contract without cause, will apply.
- 9.4 Any Subscription which includes a Router rental will be subject to an administration fee upon termination of the Subscription.
- 9.5 Cancellation of a Router rental Subscription will automatically initiate the process of collecting the Router and the administration fee will be billed to the Customer account.
- 9.6 If a Customer terminates the Service prior to it being activated by Vox or prevents Vox from activating the Service after it has been ordered, then the Customer shall be liable to Vox for any installation and other charges that Vox is liable to pay to the MNO.

10. IP Addresses

Vox will dynamically assign IP addresses from Vox allocated blocks obtained from AfriNIC. Any IP address allocated by Vox to the Customer remains the property of Vox and the Customer will have a non-transferable license to use such addresses for a limited time.

11. Reporting Service

Vox may provide usage information on the Vox Portal. The content of any usage information will only be visible to authorised users and authorised Vox employees. Such usage information is for information purposes only and will not be used to calculate any service credits.

12. Accuracy of the Customer's Information

- 12.1 The Customer must provide Vox with accurate and up to date information when:
- 12.1.1 completing any Vox documentation;
 - 12.1.2 contacting Vox to report a suspected fault and being asked a standard set of structured questions related thereto.
- 12.2 Vox shall not be liable for any loss suffered as a result of a delay in installation or any service repair, or inaccessibility of the Service, that arises directly or indirectly from the Customer's failure to provide the necessary accurate information.

13. Maintenance

Scheduled maintenance on the Vox Network will be performed during a standard maintenance window falling within change control windows determined in consultation with the relevant MNO. The MNO will conduct maintenance on the Mobile Network in the MNO's maintenance windows. Vox and the MNO reserve the right to perform emergency maintenance without prior notice, but Vox shall nonetheless endeavour to provide such notice as is reasonably and practically possible in the circumstances.

14. Security

The Customer acknowledges that the logical and physical security measures in relation to the Services are the Customer's sole responsibility. Vox will not be held liable for any losses or damages arising out of security breaches of the Customer's Services.

15. Disclaimer

Vox will in no event be liable for lost or interrupted data, messages, packets, or other information transmitted to or from third party networks, if such loss or interruption takes place outside of the Vox Network.

16. Resale of Service

Except where the Customer has obtained all the regulatory approvals and have entered into a reseller agreement with Vox, the resale of the LTE-A Service and Failover Service is not permitted.

Addendum: 100GB Promotion

1. From 2 June 2022 until 31 August 2022 (the "Promotional Period") each new Fixed LTE (MTN) service for 40GB/40GB and larger packages will receive an additional 100GB Any-Time Data ("Promotional Data") valid for 2 (two) months calculated from the Activation date.
2. The Promotional Data is a once-off benefit which will expire 2 (two) months after the Activation date.
3. The following packages and events are excluded from qualifying for Promotional Data:
 - a. MTN Uncapped and LTE Failover packages; and
 - b. Migrations (changing from one package to another).
4. In the event of a SIM Swap, all accrued Promotional Data will be lost.
5. Vox reserves the right to discontinue this promotion before the expiry of the Promotional Period at its sole discretion. This will not affect customers that have already taken up the promotional offer prior to its discontinuation.
