Product Overview

UNCAPPED DSL

Uncapped Pure DSL

Vox Uncapped Pure DSL is a fully inclusive DSL solution that empowers you to surf, stream and download as much as you like, without worrying about data caps, Fair Use Policy and being rate limited or throttled. Vox's Uncapped Pure DSL offering is ideal for home users who require an asymmetrical, unshaped DSL Line with up to 40Mbps, uncapped data with no FUP and have the need for month-to-month contracts. No analogue line is required for this product. In addition all customers have the option of adding Voice Services to their DSL by simply porting their number.

Uncapped Copper DSL

Vox Uncapped Copper DSL is a fully inclusive DSL solution that empowers you to surf, stream and download as much as you like, without worrying about data caps, Fair Use Policy and being rate limited or throttled. Vox's Uncapped Copper DSL offering is ideal for home users who require an asymmetrical, unshaped DSL Line with up to 40Mbps, uncapped data with no FUP and have the need for month-to-month contracts. An analogue line is required for this product. In addition all customers have the option of adding Voice Services to their DSL by simply porting their number.

MPLS ANYWHERE

MPLS stands for Multi-Protocol Label Switching and is a mechanism used to route traffic securely within a telecommunications network. MPLS Anywhere is a simple and cost-effective solution that is ideal for Home Users who have the need to connect to a corporate MPLS remotely. Customers have the option of integrating with their existing MPLS or can purchase a new Vox MPLS solution which can be added on to their DSL service.

Data	Uncapped data	Uncapped data
Concurrent Connections	1	1

Features & Benefits

Unshaped data with no throttling

Receive reliable and fast internet access at all times as traffic is not prioritised in a specific order. There is also no limitation on bandwidth speeds when a threshold is reached.

Range of speeds between 5-40Mbps

Choose between a range of speeds to suit your needs and your pocket.

No Fair Use Policy

Vox has removed all Fair Use Policy limits, so there is no risk of running out of data or being rate limited.

No long term contracts

Sign up for a month- to- month contract with the option of upgrading and downgrading as and when required.

Customer Zone

A customer portal is available to enable you to view all your services with Vox, upgrade your services, review invoices, review terms and conditions and purchase additional products.

Additional Information

- Uncapped Pure DSL does not require an analogue line
- Uncapped Copper DSL requires an analogue line
- DSL Lines can be purchased separately at a fee
- MPLS Anywhere can be purchased as an add-on product to existing DSL
