

Vox Wireless Lite - Licensed

Quick-deploy Broadband connectivity solution over carrier grade technology

Wireless Lite

- Available as Broadband (10:1)
- Scalability and flexibility that allows you to do more for less
- Full Duplex Service
- Rapid installation saves you time and money
- Low latency, low jitter - carrier grade Licensed technology

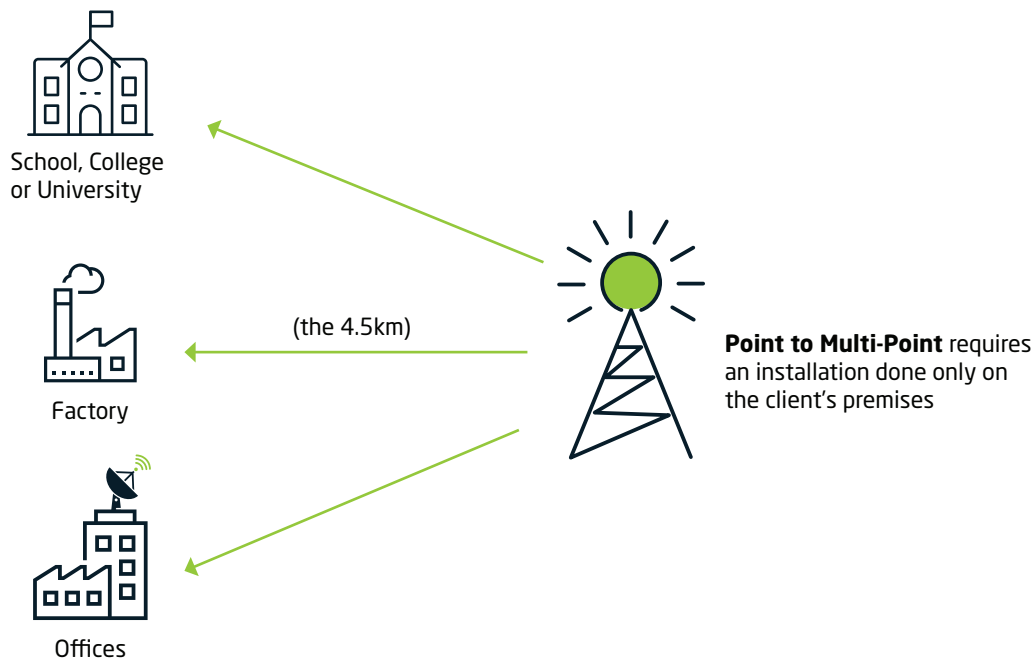

Product Overview

Vox Wireless Lite - Licensed is a high-speed fixed Microwave data connectivity service that can be deployed nationally in feasible areas where Fibre connectivity is limited or unavailable, to ensure your business is always connected.

This is a more cost effective service without compromising on quality. This services is available as a Broadband Primary service but will also make a excellent Failover solution to cater for all your business needs.

How It Works

Vox WTTB Point to Multi-Point (PTmP) Service Overview 4-6 weeks lead time
