

## VOX KIWI - HOME WIRELESS

# Fast, Reliable Home Internet. No Limits. No Hassle.

Fibre-like speeds delivered wirelessly to your home – uncapped, unshaped and ready in days, not weeks.

Uncapped Data

No Fair-use Policy

Free-to-use Wi-Fi Router

24/7/365 Support

### SOLVING THE PROBLEM

**CHALLENGE** Fibre isn't available everywhere – and where it is, installation can take weeks due to trenching and wayleave approvals. Meanwhile, mobile data caps leave home users frustrated when streaming, gaming, or working from home.

**SOLUTION** Vox Kiwi Home Wireless delivers a Fibre-like experience via fixed microwave technology – with rapid installation, no data caps, and no fair use restrictions. Get connected fast, stay connected confidently.

### KEY BENEFITS

#### >> Rapid Installation

No digging, no wayleave delays. Get connected in days, not months.

#### >> Truly Unlimited Data

No caps, no throttling, no fair use policy – ever. Stream and game freely.

#### >> Fibre-Like Experience

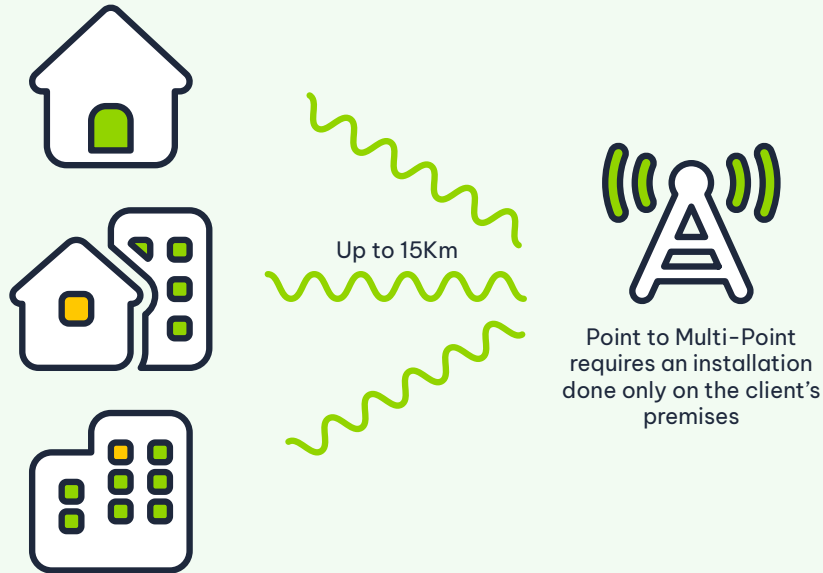

Low latency and high throughput for smooth video calls, gaming and 4K streaming.

#### >> Fully Managed Service

24/7/365 support and a free-to-use Wi-Fi router included – we handle everything.

## HOW IT WORKS

## KEY FEATURES AND SPECS

- Asymmetrical service – up to 200Mbps download
- No line-of-sight required within 5km of highsite
- Installation of flat panel antennae on your roof – no digging
- Countrywide coverage in selected areas
- 10:1 contention ratio (broadband grade)
- Point-to-multi-point fixed microwave technology
- Best Effort SLA with managed support
- Speed upgrades available to suit your requirements

## IDEAL FOR

### Online Gaming

Low latency keeps you competitive. No throttling mid-session, ever.

### 4K Streaming

Enough bandwidth for the whole family streaming simultaneously.

### Working From Home

Stable video calls and fast file uploads without data anxiety

### Areas Without Fibre

Get Fibre-like connectivity where Fibre hasn't arrived yet.

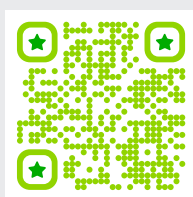

## PACKAGES

| PACKAGE                  | DOWNLOAD       | UPLOAD        | TYPE                |
|--------------------------|----------------|---------------|---------------------|
| 50Mbps                   | 50Mbps         | 10Mbps        | Asymmetrical        |
| <b>100Mbps (popular)</b> | <b>100Mbps</b> | <b>20Mbps</b> | <b>Asymmetrical</b> |
| 200Mbps (upgrade only)   | 200Mbps        | 50Mbps        | Asymmetrical        |

## HOW VOX KIWI COMPARES

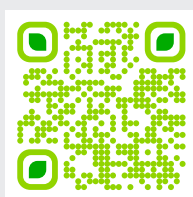

| FEATURE                                  | VOX KIWI            | OTHER 5G/LTE     | OTHER          |
|--|---------------------|------------------|----------------|
| Uncapped, no Fair Use Policy             | ✓ Yes               | ✗ FUP applies    | Varies         |
| Speed lock - not a shared mobile tower   | ✓ Fixed high site   | ✗ Shared tower   | Varies         |
| Battery backup on network infrastructure | ✓ High sites backed | ✗ Not standard   | ✗ Not standard |
| 24/7/365 human managed support           | ✓ Managed support   | ✗ Limited        | ✗ Limited      |
| No long-term contract                    | ✓ Month-to-month    | ✓ Month-to-month | Varies         |

## ALTERNATIVE OPTIONS

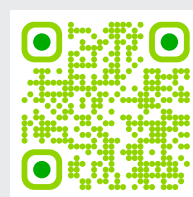

### Vox Fibre Home

Where Fibre infrastructure is available – ideal for users wanting a guaranteed SLA and symmetrical speeds.

### Vox LTE / 4G Backup

Mobile-based broadband for temporary use or as a failover – lower cost, subject to carrier data limits.

### Vox Satellite

For remote or rural locations beyond microwave coverage – reliable connectivity where no other fixed option reaches.
