

VOX CYBER SECURITY MONTH COMPETITION – TERMS AND CONDITIONS

The following terms and conditions apply to the **Vox Cyber Security Month – Qualify for a Free Email Security/Vulnerability Scan** competition (“the Competition”), conducted by Vox (“the Organiser”).

- **Entry requirements:** To be eligible to enter the Competition, participants must sign up or submit an enquiry through the designated form or via the enquiry link stipulated.
- **Competition period:** Entry is valid only during the competition dates stipulated in the relevant competition artwork. Submissions received before the opening date or after the closing date will not be considered.
- **Eligibility for consideration:** Submission of the form constitutes an entry for consideration only. It does not guarantee selection, qualification or any automatic entitlement to a free email security/vulnerability scan (“the Prize”).
- **Screening and selection:** All eligible enquiries will be subject to a carefully curated screening process conducted by the Organiser. The Prize will be awarded to participants selected through this process.
- **Notification of selection:** Selected participants will be contacted directly by a member of the Vox team to confirm qualification and coordinate the scan. Submission of an enquiry or receipt of an acknowledgement does not constitute confirmation of selection.
- **Important:** The abovementioned Competition merely confirms potential eligibility for receiving the stated prize rather than serving as a guarantee for all participating members. As stipulated above, entrants will first be independently assessed and evaluated for eligibility before allocation.

By entering the Competition, participants acknowledge that they have read, understood and agree to be bound by these terms and conditions. No entitlement to the Prize shall arise unless and until qualification has been expressly confirmed by the Organiser.
